

Remarks

This Amendment After Notice of Allowance (37 CFR 1.312(a)) is provided in response to the Notice of Allowance mailed February 6, 2007 for the above case.

The Applicant gratefully acknowledges the Notice of Allowance/Notice of Allowability mailed February 6, 2007 indicating allowable claims 1-20.

Applicant has hereinabove provided an amendment which corrects what appears to be a typographical error on page 1 of the Notice of Allowance under "Title of Invention." This amendment corrects the specification by changing the title as indicated on the Notice of Allowance to the title as amended in the Response to Office Action filed on November 15, 2006. The title as currently amended more closely represents the referenced invention.

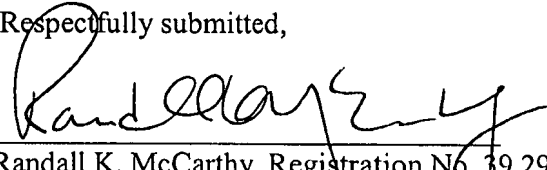

This amendment is believed to be proper, does not introduce new matter and places the application in proper condition for reconsideration and passage to publication.

Conclusion

The Applicant respectfully requests that the Examiner review and approve this correction. The Examiner is invited to contact the below signed Attorney should any questions arise concerning this response.

Respectfully submitted,
